## A GENERAL MAP

OF THE

*Empire of Germany, Holland, the Netherlands, Switzerland, the  
Grisons, and the Northern Part of Italy.*

BY CAPTAIN CHAUCHARD,

MILITARY ENGINEER TO THE COUNT D'ARTOIS.

Published by JOHN STOCKDALE, Piccadilly.

AT the earnest solicitation of some friends, Mr. STOCKDALE has undertaken the Engrav-  
ing of CHAUCHARD's incomparable MAP, allowed by the most competent judges to be the  
best Map of those Countries extant. It cannot now be purchased at any price, and could it  
even be procured, the Plates are so extremely worn down, as scarcely to leave the impression of  
the words legible, and consequently to render the French copy of no value.

No money is required until the delivery of the Work; but as the expense of Engraving,  
&c. will be some THOUSAND POUNDS, Mr. Stockdale will consider himself obliged by being  
favoured with the names of such Ladies and Gentleman as may wish to be possessed of it.

A Second Proof Specimen of the Work may now be seen at Mr. Stockdale's. It may either  
be preserved on rollers, or as an Atlas.

Piccadilly, February 1800.

The Subscription will finally close on the 31st March, and in the course of the following  
month the Maps, &c. will be delivered.

N. B. In consequence of the royal, noble, and very liberal patronage already received, of  
which a list is subjoined, the Publisher has resolved to give, to the Subscribers only, without  
any additional charge, neatly printed in one large volume royal quarto, illustrated with twenty-  
four Plans of Cities, or to Non-subscribers, price Two Guineas, a GEOGRAPHICAL,  
HISTORICAL, and POLITICAL ACCOUNT of the COUNTRIES DESCRIBED:  
with a REDUCTION of the GENERAL MAP, by CAPTAIN CHAUCHARD; and a  
GAZETTEER of Reference to the principal Places. A List of the Subscribers will be printed  
with the Volume.

TRAVELS IN UPPER AND LOWER EGYPT,

(Undertaken by Order of the late King of France,)

By C. S. SONNINI.

Engineer in the French Navy, and Member of several scientific and literary Societies.

Translated from the French, with Notes, and an Introduction,

By HENRY HUNTER, D. D.

The above Work is allowed to be one of the most interesting that has yet appeared relating to Egypt.—As it is probable that other Translations may be published, Gentlemen wishing to be possessed of this, with early impressions of the Plates, are requested to give their orders accordingly.

N. B. This is the only Translation which comprises the whole of the Forty separate Plates and Letter-press as in the original. In that published by John De Brett, the Plates are reduced in size and number to twenty-seven, the Map of Egypt considerably diminished, and the price modestly charged 21. 12s. 6d. nearly double that of Dr. Hunter's edition.

Notwithstanding Mr. De Brett, of Piccadilly, has been so imprudent as to solicit, by printed and manuscript Letters, and personal application, the Booksellers, &c. of London and Westminster, to enter into a combination against the sale of the above book, Mr. Stockdale has the pleasure to inform the Public that he has sold nearly the whole edition.—For the high character of this Work see the Monthly Review for the three last months.

This day are published, illustrated with 699 Views, Plans, Maps, &c. in 8 vols. Imperial 8vo. Price 13l. 10s. or in medium 4to. 17l. 10s. in boards,

*The Antiquities of England and Wales.*

As there are but few copies remaining of the above Work, Gentlemen desirous of fine Impressions are requested to give early orders.—A considerable deduction to Merchants, Traders, &c. for ready money.
